

# ***Improving patient involvement in Europe: A call for action***

**Thomas Porschen, CDMP**  
Vice-Chair of the IBE-EREC

(International Bureau for Epilepsy – European Regional Executive Committee)  
Chair of the Landesverband fuer Epilepsie Selbsthilfe Nordrhein-Westfalen e.V.  
Cologne, Germany

# ***Improving patient involvement in Europe: A call for action***

Patient view

**PATIENT INVOLVEMENT INCLUDES IMPORTANT ASPECTS SUCH AS:**

- self-efficacy
- self-perception
- self-confidence
- coping strategies
- health literacy

A process that helps people help people to take control control of their own lives and empowers them to take up issues they feel are right for them.

# ***Improving patient involvement in Europe: A call for action***

Patient view

## **We need a common action plan**

- A COMMON action plan should be drawn up, according to the needs of the epilepsy patients.

# ***Improving patient involvement in Europe: A call for action***

Patient view

- Studies have shown that there is a lack of information and support for epilepsy patients and their families.
- There are a few good practical examples
- It is now necessary to draw up a point plan with demands and to make milestones.

# ***Improving patient involvement in Europe: A call for action***

Patient view

- IBE EREC affiliates should be involved and then co-sign the demands for Europe.

# ***Improving patient involvement in Europe: A call for action***

Patient view

## **Process**

- Working group?!
- Participations
- Clearly define goals and target group.
- Then milestones with further procedure and timeline.
- Draft a paper.

# ***Improving patient involvement in Europe: A call for action***

Patient view

- Questions
- Wishes
- Ideas

# *Improving patient involvement in Europe: A call for action*

Patient view

## Let's get started
